(Elyria, OH) In a coordinated effort that was designed to benefit customers, TOG® Manufacturing has joined the Nelson® Fastener Systems family of companies, a Division of Doncasters Group. We have unified businesses to enhance our combined specialty fastener and custom machining enterprise.

Located in North Adams, Massachusetts, TOG Manufacturing employs 36 people that work together to produce and distribute precision machine parts including specialty fasteners, rotor studs, valve components, custom bushings and other precision nitride parts for gas and steam turbine power generation applications. The industries served include Ship-building, Power Generation, Off-Shore Drilling and Turbine Manufacturing.

TOG Manufacturing's name, location and staff will remain the same. Nelson Fastener Systems values the current capabilities of the North Adams location and will strategically invest in employees, equipment and systems to grow the business and strengthen relationships with customers.

Adding TOG Manufacturing to the Nelson Fastener Systems family of companies gives customers the unique advantage to utilize our diverse capabilities. Nelson commits to continue and enhance TOG Manufacturing's guarantee of customer satisfaction, high quality products and manufacturing efficiency. TOG Manufacturing will definitely be a valuable asset to our customers!

###

Nelson Fastener Systems (corporate headquarters in Elyria, OH) is a highly respected family of companies that manufactures high strength critical fasteners and fastening system components worldwide. We consistently develop ground-breaking fastener solutions that are widely used in the Aerospace, Automotive, Construction, Energy, Industrial, Marine, and Military markets to improve production efficiencies and resolve complex technical issues.

Our company has been on the cutting edge of critical fasteners for over 100 years – adding value for fellow entrepreneurs. Throughout the world, if high quality, critical fasteners are being used, you will find one of our companies as an established supplier to the industry.
